Base

RB-01 4.5" Rubber Base: Johnsonite, Millwork Wall Finishing System, Reveal, Cement 121

RB-02 4.5" Rubber Base: Johnsonite, Millwork Wall Finishing System, Reveal, Cotton 460

RB-03 4" Rubber Base: Johnsonite, Traditional Vinyl, Cement 121

Takeoff Notes:

- For HWC panels count we have assumed horizontal stack where panels are required below 4' and for full height panels we have selected panels size according to ceiling height, like for 8' ceiling we have considered 4'x8' panels, and for 9' & 10' ceiling 4'x10' or 4'x9' panels are considered according to availability of panel sizes.
- Full height panels weldrod calculated by using formula= (no. of panels -1)*Ceiling height. For half height panels we have only provided weldrod where span length exceeds the panel length i.e, 10', please verify if this is correct.
- Waterproofing estimated at wet areas(wall and floor) and crack isolation estimated at non-wet areas (floor only) generally, please verify if required
- Wall base and flooring estimated at millwork throughout as no detail is specified for exclusion of base/flooring, please verify
- Tactile estimated as per stair plan, please verify if required.
- TL-01 tile base estimated at elevator lobby wall with wall tile, however no detail is provided, please verify if tile base is required with wall tile.
- TL-02 estimated at family lounge backsplash as per wall finish plan, however elevation shows differently, please verify
- TL-04 wall tile estimated as per elevation at elevator wall level 1, however at remaining levels TL-04 estimated as per wall finish plan as no elevation is provided, please verify
- Tile base w/ edge trim estimated at elevator cab as per finish plan note, please verify if required
- 9' HWC-5 Panels estimated at waste storage 1-121 and waste management 1-123, however no ceiling height is provided, please verify
- Staff Lounge Backsplash estimated at 2' as per millwork detail, however elevation shows 2'6" backsplash, please verify
- HWC-04 at level 2 estimated only at walls where indicated on wall finish plan, please verify.
